About Us

- Established in December 2010, TR Solids Control is a professional manufacturer specializing in the R&D, production, sales and technical service of solids control equipment and mud recovery systems.
- Headquartered in Xi'an Economic and Technological Development Zone, the company covers an area of over 40 acres and employs 350-450 skilled professionals, including a dedicated R&D team of experienced engineers and technical experts.
- TR Solids Control has established a global presence, delivering reliable solutions to over 60 countries and regions across North America, South America, Europe, Asia, the Middle East and Africa.

About Us

Production Capacity

- Our company operates a modern manufacturing base covering a total area of approximately 35,000 square meters, including 22,000 square meters of standardized industrial workshops. We have established independent blanking, machining, welding, assembly, finished product inspection and warehousing & logistics centers, realizing a full-process closed-loop production system from raw material warehousing to finished product delivery.
- We have established a comprehensive quality control system, equipped with high-precision testing equipment such as coordinate measuring machines, ultrasonic flaw detectors, hardness testers and dynamic balance testing machines. All products are inspected in full accordance with international standards.

Company Qualification

Nested Water Tank

Introduction

- TR Nested Water Tank is a modular water storage and supply unit designed for drilling fluid preparation, well cementing, and other oilfield operations. It provides reliable water storage and continuous supply for mud mixing and circulation systems.
- Featuring a robust structure, flexible capacity options, and convenient installation, the TR Water Tank can be easily integrated with mud tanks, mixing equipment, and other drilling fluid systems.

Nested Water Tank

Nested Water Tank Technical Specification

Model	TRSG80	TRSG100	TRSG120
Total Volume (m ³)	80	100	120
Large Tank Volume (m ³)	45	60	70
Small Tank Volume (m ³)	35	40	50
Overall Dimensions (mm)	11300x2500x2750mm	11800x3000x2870mm	13500x3000x2870mm

Xi'an Tianrui Petroleum Machinery Equipment Co., Ltd., established in 2010, is a modern manufacturer of solids control equipment certified to both API Q1 and ISO 9001 standards.

Address: Baihualin Financial Innovation Center, Xi'an City, Shaanxi Province, China

Factory Address: No.2 Huochang Road, Yangling District, Xianyang City, Shaanxi Province, China
